PRESIDENCY COLLEGE, SESSION 1912-13.

AMENDED NOTICE.

APPLICATIONS for admission to Presidency College will be received on and after May, the 15th. Applications received between May, the 15th, and June, the 8th, will be first considered. Applications received after June, the 8th, can only be considered, if the classes to which admission is sought have not been filled up already from among candidates who apply before the 9th of June.

Applications must be made on a printed form. This will be supplied together with a statement showing the combinations of subjects which may be offered by Presidency College students at the Intermediate, B. A. and B. Sc. Examinations and other conditions of admission on receipt of a stamped and addressed envelope or upon personal application at the College office.

The attention of Presidency College students who pass the Intermediate and Degree Examinations is specially called to the importance of application *within the dates above specified* (May, the 15th to June, the 8th). Their prior claim is recognized, but this does not remove the necessity in present circumstances of formal application on their part.

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

SENATE HOUSE: *The 15th May 1912.* — G. C. MOOKERJEE, *Assistant Registrar.*

EDUCATION DEPARTMENT, BENGAL.

NOTIFICATION.

The 25th May 1912.—With reference to Government Notification No. 4305, dated 23rd November 1909, and this office notification dated 19th December 1910, calling for text-books required in accordance with the new syllabus of studies for Standards III—VI, it is hereby notified that in the case of the subjects and in the vernaculars noted below either books were not submitted or those submitted were found to be unsuitable. The following books are therefore required:—

In *Bengali*—

A geography book for Standards V and VI. English translations should accompany the books submitted for examination.

In *Urdu*—

A vernacular literary reader for Standards III and IV. A prose and verse reader in two parts containing about 160 pages (double crown, 16 mo. in pica); the first part for Standard III with 65 pages of prose and 15 pages of poetry; the second part for Standard IV with 65 pages of prose and 15 pages of poetry.

A vernacular literary reader for Standards V and VI. A prose and verse reader of about 200 pages (double crown, 16 mo., in pica) in two parts: the first part for Standard V with 75 pages of prose and 25 pages of poetry; the second part for Standard VI with 75 pages of prose and 25 pages of poetry.

* An arithmetic book in two parts for Standards III and IV.

* Ditto ditto ditto V and VI.

A geography book for Standards III and IV. English translations should accompany the books submitted for examination.

A geography book for Standards V and VI. English translations should accompany the books submitted for examination.

A text-book on Geometrical Drawing for Standards V and VI. For teachers only.

A text-book on Mensuration for Standard IV. For teachers only.

A text-book on Mensuration for Standards V and VI. For teachers only.

The books should in each case be written in close conformity with the requirements of the new syllabus and in view of the instructions contained in the introductions to the various sections thereof.

The price of the books required will be regulated by the prevailing rate of one anna for each 32 pages of printed matter.

Intending authors are invited to submit their books not later than the last day of August 1912.

G. W. KUCHLER,
Director of Public Instruction, Bengal.

---

* *N.B.*—The answers portion must be bound separately and offered for sale to teachers only.

Note.—While the *prescription* of a graduated series of writing books and a text-book on Mensuration for pupils is not deemed essential, it is considered that these productions would prove most useful.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION.

Howrah Bridge Budget Estimate for the year 1912-13.

READ—

(1) Letter No. 122, dated the 4th April 1912, from the Vice-Chairman, Port Commissioners, Calcutta, submitting the budget estimate of the Howrah Bridge for the year 1912-13.

(2) Letter No. 1570, dated the 11th May 1912, from the Vice-Chairman, Port Commissioners, Calcutta, furnishing additional information in regard to certain heads of expenditure.

Receipts.—The receipts for the year 1912-13 are estimated at Rs. 2,18,950 against Rs. 2,34,000, the estimate of the year 1911-12. The decrease is due mainly to a smaller income anticipated from the terminal fees levied on certain classes of East Indian Railway goods.

Expenditure.—The expenditure is estimated at Rs. 2,15,650 against Rs. 2,29,199, the estimate for 1911-12. The difference is mainly due to decreased provision for the maintenance and repairs of the Bridge and for stores, based on the actual average expenditure of previous years. The year is expected to close with a small credit balance of Rs. 3,300 which, if realized, will be added to the Reserve Fund. This fund is invested in Government securities, in pursuance of section 18 of the Howrah Bridge Act, IX of 1871, and now stands at Rs. 5,68,000 (face value).

2. The Governor in Council accepts the estimate under section 21 of the Howrah Bridge Act, IX of 1871.

DACCA UNIVERSITY.

GENERAL DEPARTMENT—EDUCATION.

Darjeeling, the 27th May 1912.

RESOLUTION No. 567 T.—G.

READ—

A letter from the Government of India, Department of Education, No. 811, dated the 4th April 1912.

IN the letter appended to this Resolution, the Government of India have announced the decision that a University shall be established at Dacca to serve as an example and test of a teaching and residential institution for higher education, and to afford some relief to the University of Calcutta in the discharge of the immense and growing volume of business with which it is called upon to deal.

2. The Governor in Council fully endorses the tribute paid by the Government of India to the high traditions of the Calcutta University, which are worthily maintained under its present progressive administration. The many years of earnest endeavour and useful work which stand to the credit of the University amply justify the esteem and regard in which it is held by the educated classes of Bengal. No scheme likely to diminish the influence or to injure the reputation of the Calcutta University would therefore commend itself to the Government. But future progress will not be co[illegible] past achievement, unless full account is taken of the altered [illegible] result from the great expansion of higher education in Indi[illegible] development of modern educational ideals. A stage of p[illegible] reached which requires both fresh development in the activit[illegible] ing Universities and the creation of new centres of University study and research.

3. It is a subject of legitimate pride and satisfaction that the Government of India should select Bengal as the Province in which the first new teaching and residential University is to be founded, and it appears to the Governor in Council that no locality more suitable than Dacca could have been selected for the purpose. The city is already an educational centre of great and rapidly growing influence; it lies in an area which is renowned for the intelligence and educational activity of its Hindu population; and it is an important Muhammadan centre. Moreover, spacious sites and commodious buildings are available which will render it possible to establish a teaching and residential University at a comparatively small capital cost.

4. The experiment will thus be made in very favourable conditions. In order that these may be utilized to the best advantage and that the scheme may be brought to a successful issue, it is essential that it should be framed with the most deliberate care, and that the fullest opportunity should be afforded to all who are interested in higher education to express their views and to proffer their advice. The Governor in Council has considered carefully the manner in which these objects may best be achieved, and has decided to entrust the framing of the scheme to a strong and representative Committee, which will in due course submit a report to the Local Government. This report will be published and circulated for comment and advice. After full consideration of the suggestions received, the Governor in Council will make such amendments as may appear necessary, and will then submit to the Government of India the scheme called for in paragraph 9 of their letter.

5. In pursuance of the plan outlined in the previous paragraph, the Governor in Council is pleased to appoint the following gentlemen to form a

Committee for the purpose of framing a scheme for the establishment of a University at Dacca :—

R. Nathan, Esq., C.S.I., C.I.E., *President.*
G. W. Küchler, Esq., C.I.E., M.A., Director of Public Instruction, Bengal.
Dr. Rash Behary Ghosh, C.S.I., C.I.E., D.L., Vakil, High Court, Calcutta.
Nawab Saiyid Nawab Ali Chaudhury, Khan Bahadur, of Dhanbari, Mymensingh District.
Nawab Seraj-ul-Islam, Vakil, High Court, Calcutta.
Babu Ananda Chandra Ray of Dacca.
Mohamed Ali, Esq., Syndic of the Muhammadan Anglo-Oriental College, Aligarh.
H. R. James, Esq., M.A., Principal, Presidency College, Calcutta.
W. A. J. Archibold, Esq., M.A., LL.B., Principal, Dacca College.
Mahamahopadhyaya Satish Chandra Acharji, Bidyabhusan, M.A., PH.D., M.R.A.S., Principal, Sanskrit College, Calcutta.
Dr. Brajendranath Seal, M.A., PH.D., Principal, Victoria College, Cooch Behar.
Babu Lalit Kumar Chattarji, M.A., Principal, Jagannath College, Dacca.
C. W. Peake, Esq., M.A., Professor, Presidency College, Calcutta.
Shams-ul-ulama Abu Nasar Muhammad Wahid, M.A., Superintendent, Dacca Madrassa.
Mr. D. S. Fraser, I.C.S., is appointed Secretary to the Committee.

6. The Hon'ble Justice Sir Asutosh Mukharji, KT., C.S.I., M.A., D.L., Vice-Chancellor of the Calcutta University, has kindly consented to advise the Committee on the problems which they are called upon to consider, and the Governor in Council trusts that they will take full advantage of the opportunity thus afforded to them of benefiting from his unrivalled experience in the conduct of University affairs.

7. The new University will be of the teaching and residential and not of the federal type. It should, to use the words of the Government of India, bind together the colleges of the city, but it should not include any college which is beyond the limits of the town. The object of the scheme being to diffuse the benefits of higher education, it must not involve any such additional cost to the students as would discourage them from taking full advantage of the facilities which will be offered. Subject to these instructions, the Governor in Council desires to leave full latitude to the Committee in framing their recommendations. Their report must be of the complete character which the instructions contained in paragraph 9 of the Government of India letter require, and must be accompanied by a financial estimate sufficiently detailed to enable the scheme to be laid before the Secretary of State. The Committee are authorized to consult any authorities whose assistance they may need, and the Governor in Council trusts that all persons whose help may be thus invoked will be willing to afford it.

By order of the Governor of Bengal in Council,

J. H. KERR,

Secretary to the Government of Bengal.

No. 811, dated Simla, the 4th April 1912.

From—THE HON'BLE MR. H. SHARP, C.I.E., Joint Secretary to the Government of India, Department of Education,

To—The Secretary to the Government of Bengal, General (Education) Department.

I AM directed to address you on the subject of a proposed University in Dacca.

2. It has long been recognized that the federal type of university which has been implanted in India, though convenient at the outset by reason of the paucity of institutions and their situation at long distances from one another, contains radical defects. Among these may be cited the want of corporate university life and the growth of external examinations. The Government of India have also observed with concern the unwieldy dimensions to which the federal universities in India have grown, and they foresee that the natural expansion and increase of colleges and of secondary schools will tend to aggravate the evils which the present state of things cannot but produce—namely, imperfect supervision, monotonous uniform curricula and methods of instruction, a mechanical system of examinations, and the absence of oral tests.

3. The Calcutta University has 52 affiliated colleges in which are enrolled 13,375 students. Within the provinces which it serves there are also over 600 recognized high schools for boys with over 150,000 male pupils. During the past year the pupils and students examined by the University in various standards ranging from the Matriculation to the Mastership of Arts, etc., was over 14,460. These figures offer a striking contrast to those in the universities in other countries. Oxford, Cambridge and Edinburgh each possess a total of between three and four thousand students. The Glasgow University has between two to three thousand pupils. Manchester 1,554 students, the University of Wales 1,703. The numbers in the other English universities appear to be less than 1,000 in each. In Germany, Munich and Liepzic are large universities with over 4,000 students. Vienna has nearly 10,000; and Naples and Rome, respectively, over five and two thousand. The numbers in other universities of Germany, Austria and Italy are comparatively small.

4. While the federal university in India retains its present position, the attention of its authorities cannot fail to be engrossed by the supervision and examination of the vast body of federated institutions. University teaching and the development of higher study and research (which form an integral part of the duties of a university) cannot obtain the financial support and the energies which they deserve. A due representation of the various portions of the country (in which a higher standard of literacy is springing up and of which the educational needs are assuming larger proportions and local characteristics) cannot be ensured upon the councils of a single examining body. The inspection of numerous and distant colleges is too great a strain upon the University Inspector and the Professors or other educationists whose services are utilised by the Syndicate on this behalf. Yet without regular inspection the standards demanded by the University at the time of affiliation may easily be departed from. Above all it is difficult to foster among students a reverence for a central institution and a loyalty to its ideals when that institution is remote and impersonal.

5. The recent history of universities in Europe confirms the necessity for circumscribing their limits in India, and the desirability of forming more numerous centres. The inadequacy of existing systems to meet the local circumstances and the severe strain imposed by increasing numbers upon the Calcutta University were urged in 1886 as reasons for the establishment of a university at Allahabad. The argument of numbers is far stronger to-day. The Government of India consider the creation of new universities an important factor in educational progress. It is eminently desirable that these should be, where possible, of the teaching and residential type, binding together the colleges of a single town or a single circumscribed area.

6. Dacca presents itself as a very suitable centre for a new university of this type. The town contains four colleges, as well as high schools and educational institutions of other kinds. The residential system in colleges, in order to be fully effective, should be preceded by a residential high school system. And it is believed that this is not unattainable at Dacca. Though the educational interests of the place are large, there is no representative of Eastern Bengal and Assam on the Calcutta Syndicate. Under the regulations such representation appears to be impossible. Even were it rendered possible, the regular attendance of one or more members from Eastern Bengal could never be secured at the numerous Syndicate meetings which the overburdened responsibility of the university at present renders necessary.

7. Furthermore, the Hindu middle-class population of Eastern Bengal is characterized by a particularly high level of intelligence. A separate and accessible centre appears to be clearly called for in order that the educational progressiveness of these districts may be encouraged, full scope afforded to the intellectual activities of their people, and the opportunity for advanced studies placed in their midst. While, until the Muhammadans of Eastern Bengal have a university nearer to their doors, in the guidance of which they can have a voice (there are at present only 6 Muhammadans on the Calcutta University Senate of 100), and in which there may perhaps be a Faculty of Islamic studies, there seems but little chance of a large access of Muhammadan students to the college classes.

8. The Governor-General in Council has accordingly decided that a teaching and residential university shall be established at Dacca. This will, in the first place, serve as an example and a test of the new type of university indicated above. In the second place, it will afford some relief, though only to a limited extent, to the present congested state of the Calcutta University. The Governor-General in Council appreciates highly the excellent work done by the Calcutta University in the past; and he recognizes that notwithstanding the difficulty of increasing numbers, it continues to maintain its high traditions. But if its welfare in the future is to rest assured,—if above all it is to assume its proper place in the guidance and propagation of higher studies,—it is essential that it should find some relief from its present congestion.

9. The Government of India accordingly request that, with the permission of His Excellency the Governor in Council, they may be favoured with the views of the Local Government in this matter and with a complete scheme embracing proposals for the constitution of the Senate and the other controlling authorities of the university, the lines on which regulations and courses should be framed, and a financial estimate. I am to request that, with the permission of the Governor in Council, the financial estimate may be sufficiently full to enable the scheme to be laid before the Secretary of State, who has approved in principle of the establishment of a university at Dacca but has reserved judgment as to the details of any scheme that may be laid before him. As regards a residential system for the schools of the city, a separate communication will be issued.

10. From the allotments made this year the Government of India have decided to make a recurring grant of Rs. 45,000 for the new university, and a non-recurring grant of Rs. 10,00,000 for the initial expenses of the university and for a full residential scheme for the students and pupils of colleges and high schools in Dacca city. No provision has been made in your budget estimate for 1912-13 for either of these grants, but an assignment from Imperial to Provincial will be made through the Land Revenue head after the 1st April 1912 (and when the schemes have been considered by the Government of India); and any necessary addition to the budget grant will be sanctioned during the course of the year.

REPORT ON THE STATE OF THE SALT MARKET OF BENGAL FOR THE FOURTH QUARTER OF THE YEAR 1911-12.

No. 2177B., dated Calcutta, the 11th May 1912.

From—M. G. HALLETT, ESQ., Secretary to the Board of Revenue, L. P., Miscellaneous Revenue Department,

To—The Secy. to the Govt. of Bengal, Financial Department.

Member in charge:
D. J. MACPHERSON, ESQ., C.I.E., I.C.S.

I AM directed to submit the following report on the state of the salt market for the fourth quarter of the year 1911-12, comprising the months of January, February and March 1912. The report relates to Bengal as constituted before the formation of the new province of Bihar and Orissa on the 1st April 1912.

2. The quantity of salt of every description cleared during the quarter amounted to 3,232,750 maunds (including 1,312,059 maunds issued under the credit system), as compared with 3,335,384 maunds (including 1,415,033 maunds issued under the credit system) in the previous quarter, and 3,262,719 maunds (including 1,018,556 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 27,85,882 (including Rs. 11,15,973 adjusted under the credit system), as against Rs. 29,00,801 (including Rs. 11,90,563 adjusted under the credit system) in the previous quarter, and Rs. 30,29,530 (including Rs. 10,20,655 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, compared with the figures of the corresponding quarters of the two previous years :-

* Inclusive of 1,312,059 maunds of salt issued under the credit system. Besides this quantity, 27,013 maunds of salt were issued under the credit system to inland bonded warehouses in the Provinces of Eastern Bengal and Assam.

Compared with the corresponding quarter of the previous year and the same quarter of 1909-10, importations were greater by 1·2 per cent. and 16·9 per cent., but clearances were less by ·9 per cent. and greater by 5·6 per cent., respectively. As compared with the corresponding period of the previous year, the increased imports from the United Kingdom and Hamburg and Bremen and the decreased imports from Aden, Port Said and Bombay are specially noticeable. A large quantity (about 1¾ lakhs of maunds) of salt was for the first time imported from Tunis in North Africa during the quarter.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter, as compared with the preceding four quarters :—

The stocks remaining in the *golas* at the close of the quarter were considerably less than those of the preceding two quarters, but greater than those of the quarters March to June 1911.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 622 maunds, as against 883 maunds in the previous quarter and 3,682 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 9,491 maunds, as compared with 1,418 maunds (inclusive of 60 maunds of *sitta*) in the previous quarter, and 9,551 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 60,150 tons. It is reported that the vessels named in the margin are on the sea bound for Calcutta with cargoes of salt from Hamburg and Bremen. The quantity given against each ship is approximate only.

* The prices are exclusive of Port Commissioners' special toll of 4 annas per ton and Customs duty of one rupee per maund.

As compared with the previous quarter, there was no rise in the prices of Bombay *karkuch*, while those of all other descriptions of salt rose more or less during the quarter. This rise is attributed to the fact that the combine which caused the slump in prices, as reported in the last quarter, gave way in February, and the market is reported to be steady now and likely to remain so for some time. There were no imports of Madras salt into the port of Calcutta during the quarter.

10. The quantities of sea-imported salt admitted into and cleared from bond at the inland warehousing station of Chandbali in the district of Balasore, during the quarter and the corresponding quarter of the previous year, are given below :—

Member in charge:
D. J. MACPHERSON, ESQ., C.I.E., I.C.S.

I AM directed to submit the following report on the state of the salt market of the province of Eastern Bengal and Assam for the fourth quarter of the year 1911-12, comprising the months of January, February and March 1912.

2. The quantity of salt of every description cleared during the quarter amounted to 373,459 maunds as compared with 429,928 maunds in the previous quarter and 369,182 maunds in the corresponding quarter of the previous year. The net amount of duty levied during the quarter was Rs. 3,79,924, against Rs. 4,28,180 in the preceding quarter and Rs. 3,68,201 in the corresponding quarter of the previous year.

3. The subjoined Table I shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter compared with the previous four quarters :—

THIRD AND FINAL FORECAST OF THE SPRING OILSEED CROPS OF THE DISTRICTS OF THE PRESIDENCY AND BURDWAN DIVISIONS AND DARJEELING.

Explanatory.—The present forecast only deals with the districts of the Presidency and Burdwan Divisions and Darjeeling.

Area sown.—The total area sown with the different kinds of oilseeds, excepting *til*, is estimated at 337,700 acres against 326,300 acres of last year.

Character of the season.—Oilseeds are chiefly cultivated in the Presidency Division and in Burdwan and Midnapore. Sowings, though commenced in normal time, were somewhat late in parts of Burdwan, Midnapore, Hooghly, Darjeeling and in all the districts of the Presidency Division except Khulna. The rainfall in the months of November to February was below the normal and consequently the outturn of crops was affected in some districts. Some injury from insects is reported from Murshidabad. On the whole a fair crop is expected in these districts.

Outturn.—The outturn of the different kinds of oilseeds according to district officers' estimates works out to 84 per cent. of the normal against 73 per cent. of last year.

Taking 6 maunds per acre as the normal rate of yield for linseed, rape and mustard and 4¼ maunds per acre for other oilseeds, the total yield is estimated at 60,200 tons against 50,200 tons of last year.

J. R. BLACKWOOD,
Director of Agriculture, Bengal.

CALCUTTA,
The 17th May 1912.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 27th May 1912.

Summary.—During the week light to moderate showers of rain fell almost throughout the province and the weather though hot continued to be seasonable. Sowing of jute is nearing completion and of *aus* rice still continues. Owing to favourable conditions weeding operations are in full swing. The price of common rice still shows a slight tendency to rise. Cattle-disease is reported from Nadia, Jessore, Malda, Dacca, Mymensingh and Noakhali.

PRESIDENCY COLLEGE, SESSION 1912-13.

AMENDED NOTICE

APPLICATIONS for admission into the Intermediate classes of the Presidency College will be received up to Saturday, the 8th June, and those for B.A. and B.Sc. classes up to Saturday, the 15th June. Applications received before these dates will be first considered. Applications received after these dates can only be considered, if the classes to which admission is sought have not been filled up already from among candidates who apply before the 9th and 16th June respectively.

Applications must be made on a printed form. This will be supplied together with a statement showing the combinations of subjects which may be offered by Presidency College students at the Intermediate, B. A., and B. Sc. Examinations and other conditions of admission on receipt of a stamped and addressed envelope or upon personal application at the College office.

The attention of Presidency College students who pass the Intermediate. and Degree Examinations is specially called to the importance of application *within the dates above specified* (the 15th May to the 15th June) Their prior claim is recognized, but this does not remove the necessity in present circumstances of formal application on their part.

H. R. JAMES, *Principal, Presidency College.*

CALCUTTA, *the 28th May 1912.*

NOTICE.

Owing to the late publication of the results of the Matriculation Examination, the Principal of the Civil Engineering College is prepared to register applications from candidates for admission to the 1st year class of the Apprentice Department provided they be received at his office before Friday, the 7th June 1912.

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects :—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

The holders of the above certificates are liked by the business people. Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination.

New session will open on the 2nd July 1912. Application for admission will now be received. Prospectus may be had from the Principal.

1st.—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary rights of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and the rights conferred by the settlement proceedings and by the laws in force ; and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

ANNUAL REPORT OF THE ROYAL BOTANIC GARDEN AND OF THE GARDENS IN CALCUTTA, AND OF THE LLOYD BOTANIC GARDEN, DARJEELING, FOR THE YEAR 1911-12.

ROYAL BOTANIC GARDEN.

General.—Except for the late continuance of the rains of 1911, weather conditions were practically normal throughout the year. Apart from the ordinary routine of the Garden, the protective works on the river bank consumed a great deal of time and labour and are likely to continue to do so annually for several years to come. The necessity for revetting the river bank towards the western end of the Garden has considerably curtailed the time and labour that would otherwise have been available for carrying out desirable improvements within the Garden, but under the circumstances this could not be avoided. However, despite this it was found possible in addition to keeping the Garden in reasonably good order throughout the year to carry out the following special works. The old engine-house was demolished and the site cleared, while underground pipes were in part substituted for the open channel that had hitherto conveyed the water from the new pumping station to the Garden lakes. The old shed for the Garden bullocks, having become very dilapidated and being in any case too close to one of the Garden officers' quarters to conform with modern ideas of sanitation, was demolished and a new and more commodious one on modern

lines erected towards the back of the Garden. A new line of coolie huts was also erected. In addition to clearing out some unsightly trees and tangled jungle that obstructed the view along the arms of Prain Lake, the Garden Divisions Nos. I and II were systematically gone through and all dead and superfluous trees and jungle removed. Two rubbish pits dug many years ago—one about the centre of each Division—remain to be filled up when these divisions will be ready for the reception of new acquisitions from Siam, Annam and the Malayan Peninsula for Division I and from the Malayan Archipelago and Australasia for Division II. It is intended that these divisions should in the future, as opportunity permits, gradually become representative of the plants of the countries mentioned. About 120 plants representing about 40 species new to or scarce in the Garden were planted out during the year and record kept, while about 100 more species are represented by plants still in the nursery. Owing to the late rains of 1911 the show of annual plants was delayed and was scarcely up to the usual standard. Towards the end of the year under review the show of orchids was about as usual. The Curator of the Garden held the customary course of instruction in arboriculture to Overseers from Bengal and Eastern Bengal and Assam, and reports were submitted to the Directors of Agriculture of the respective provinces.

2. **Plant and seed exchange.**—This was conducted as usual. Seeds were received from and sent to most of the botanical and horticultural gardens in India, while outside India exchange of seeds or plants was made with private individuals or botanical, forest or horticultural institutions in such places as Kew, St. Albans, Nice, Hanoi, Singapore, Formosa, Yokohama, the Seychelles, the Island of Guam, Buitenzorg, Sydney, Melbourne, Castlemaine, New Zealand, Durban, Catamarca, Buenos Aires, etc., etc. Altogether about 1,700 packets of seeds and tubers and about 4,400 plants were received and 5,000 packets of seeds and about 44,000 plants distributed.

3. **Herbarium and Library.**—Nearly 15,000 sheets were added to the Herbarium during the year. The additions comprise collections from various parts of India and from other parts of the world. The chief contributors of Indian specimens were Lady Douie (North-Western Himalaya and the Punjab), Mr. J. R. Drummond, I.C.S., retired (Punjab), Messrs. W. W. Smith, W. R. Jacob and R. S. Lister (Eastern Himalaya). Mr. I. H. Burkill (Khasia and Abor), Mr. A. Meebold and Captain S. M. Toppin, R.A. (Burma). Mr. C. E. C. Fischer (Southern India). The principal contributions of extra-Indian specimens were received from the Royal Botanic Gardens, Kew (Siam and Tropical Africa); Royal Botanic Gardens, Berlin (West African); Natal Botanic Garden (South African); Dr. Pitard of Tours (North African); Dr. R. Gross of Berlin (German); Hofmuseum Vienna (Cryptogamia); Bureau of Science, Manila (Philippine); Museum d'Histoire Naturelle. Paris (French); s'Rijks Herbarium, Leiden (various); Botanic Garden, Buitenzorg, Java (various); Mr. Max Koch (Australian). Owing to the absence of the Curator of the Herbarium for more than half the year the distribution was less than usual, amounting to about 4,000 sheets. Towards the end of the year a commencement was made with the widening of the north gallery, so as to give more room for working tables and better lighting facilities. Library work was carried on as usual during the year.

4. **Publications.**—Part I of volume XII of the Annals of the Garden was published during the year. This is a systematic account by Signor Beccari of the species of the genus *Dæmonorops* of climbing palms, consisting of 237 pages with 109 magnificent double size plates, and is a fitting continuation of the fine monograph on the allied genus *Calamus*, with which the same author has already enriched the Annals. An appendix to volume XI embodying descriptions with plates of new species of *Calamus*—also by Signor Beccari—was in the press at the end of the year. The enumeration of the plants cultivated in the Garden has advanced by the publication in the Records of the Botanical Survey of India of two more faciculi (Nos. 2 and 3 of volume V), bringing the total numbers published up to nearly 10,000. The final fasciculus bringing the numbers up to 13,437 was in the press at the end of the year. The account by Mr. W. W. Smith, M.A., late Curator of the

Herbarium, of the vegetation of North-West Sikkim, referred to in last year's report, has been published.

5. **Financial.**—The allotment, Rs. 37,398, for contingencies was all expended except a sum of Rs. 118-3-6 under Postage and telegram charges. Under Salaries and establishment there was a saving of Rs, 9,386-11-5, and under Travelling allowance a saving of Rs. 742-7-6 owing to the absence on leave of officers for part of the year. The revenue was Rs. 571-6.

CALCUTTA GARDENS.

In the Eden Garden the footpaths skirting the south of the Garden where it is below the level of the road outside, have been raised and the surface drainage improved so as to lessen, if not altogether prevent, the damage caused to the lawns by silt deposited from flood water from outside. The Garden generally has been kept in as good condition as circumstances permit. The latter—and this applies to all the Calcutta Gardens—however, are not of the most favourable, for pedestrian traffic pays no particular regard to the paths provided, and with regard to the Eden Garden in particular the section of the public that crowds through the Garden when football matches are being played in the neighbourhood shows scant respect to the work of the horticulturist. In the Dalhousie Square Garden the permanent trees and shrubs are beginning to give effect. The realignment and widening of the footpaths, which have been in progress for the last four years, have now been finished. A much-needed improvement has been the construction of a godown for the storage of implements. In the Curzon Garden the trees and shrubs have now grown sufficiently to take away somewhat from the flat appearance of the garden. This garden suffered a great deal of damage at the feet of the enormous concourse that assembled on the occasion of Their Imperial Majesties' visit to Calcutta. It was of course quite impossible to prevent this damage, but thanks to the energy of Mr. J. T. Johnson. the Assistant Curator of the Calcutta Gardens, in replanting the beds, the garden to a great extent had recovered by the end of the cold season. The corner near the tramway junction still detracts from the general good appearance of the garden. At Hastings House the lake was thoroughly cleared of weeds and the grounds generally kept in good condition. There was a saving of Rs. 6,335-0-7 on the total expenditure of the Calcutta gardens as a whole. The total revenue, apart from what is collected by the Department of Public Works from the Eden Garden, was Rs. 337. * * * *

LLOYD BOTANIC GARDEN.

The Garden has been kept in good condition throughout the year. The last of the original rough areas of the Garden was regularized and turfed. Additional young trees, shrubs and climbers to the number of 135 were planted out and the tickets of the plants already catalogued were checked and replaced where missing. Accessions included 64 plants and 188 packets of seeds, while 6,730 plants, 7,000 dozens of annuals and 964 packets of seeds were distributed. The usual collections of indigenous seeds of the district and of Sikkim for exchange with botanical institutions and individuals throughout the world were made. The local herbarium was considerably added to during the year, while the library also was increased. The outdoor work of this Garden suffers from the perennial difficulty of retaining trained labour which seeks after a time the more lucrative employment that is offered elsewhere. The revenue was practically nil, amounting to only Rs. 2-10. Although applications for plants continue to increase, sales have practically ceased in accordance with the policy not to compete with private enterprise in the district. Mr. G. H. Cave, the Curator, * * * * supervised the Government House grounds and the various places in Darjeeling under the care of the Darjeeling Improvement Fund. He has also advised on the laying out of the grounds of the new cantonment at Takdah and of various other places. * * * * *

and of the Lloyd Botanic Garden, Darjeeling.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 3rd June 1912.

Summary.—During the past week the weather has been seasonable and the prospects of crops have on the whole improved. The average price of common rice continues, however, to rise. The average increase in price over that of the past week is 1·6 per cent. Cattle-disease is reported from Murshidabad, Jessore, Khulna, Bankura, Midnapore, Malda and Chittagong. There is a severe outbreak of hemorrhagic septicæmia among the cattle of the Bagerhat subdivision of the district of Khulna.

NOTIFICATION.

No. 1792J.—The 6th June 1912.—The following rules, which have been approved by His Excellency the Governor in Council for the investigation of cases of collision between inland steam-vessels and country boats, are published for the guidance of Magisterial and Police officers in Bengal:—

1. When a report is made by the master of an Inland steam-vessel under section 30 of the Inland Steam-vessels Act, 1884, to the officer in charge of a police-station—

(*a*) such officer shall reduce the report to writing and shall at the same time record the statement of the injured party (if any) if avaiable;

(*b*) if the place of occurrence be within the local limits of any other police-station, such officer shall forthwith inform the officer in charge of that police-station;

(*c*) a copy of the report and of the statement (if any) shall forthwith be submitted to the Magistrate in charge of criminal work at district head-quarters, or, if the place of occurrence be in a subdivision, to the Subdivisional Magistrate;

(*d*) pending the orders of the Magistrate referred to above, no arrest shall be made by the police, under Chapter XIV of the Code of Criminal Procedure, 1898, with a view to a prosecution for an offence under section 280 of the Indian Penal Code (Act XLV of 1860), but witnesses may be examined and their names and addresses recorded so that it may be possible to procure their attendance if it is decided to prosecute;

(*e*) if the Magistrate above referred to is of opinion that an investigation under section 31 of the Inland Steam-vessels Act, 1884, is necessary, he shall submit a report of the case to Government;

(*f*) if he considers that no such investigation is required and that the facts of the case disclose the commission of an offence punishable under section 280 of the Indian Penal Code, he may direct the officer in charge of the police-station concerned to take cognisance of the offence.

2. If the officer in charge of a police-station receives information relating to the commission of an offence under section 280 of the Indian Penal Code by the master of an Inland steam-vessel, he shall adhere to the following rules, namely:—

(*a*) if he has reason to believe, either on information received under rule 1 (*b*) or on other grounds, that a report has been made by the master of the Inland steam-vessel concerned to the officer in charge of some other police-station under section 30 of the Inland Steam-vessels Act, 1884—

(*i*) he shall reduce the information to writing, and shall take steps to secure the names and addresses of witnesses and to safeguard any property produced;

(*ii*) he shall also submit a copy of the information forthwith to the Magistrate described in rule 1 (*c*);

(*iii*) pending the orders of the above Magistrate, he shall not make any arrest under Chapter XIV of the Code of Criminal Procedure, 1898, with a view to a prosecution for an offence under section 280 of the Indian Penal Code;

(*b*) if he has not reason to believe that such a report has been made, he shall proceed to investigate the case under Chapter XIV of the Code of Criminal Procedure, 1898.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 6th June 1912.

No. 117.—Mr. E. F. Heron, Assistant Engineer, is transferred in the interests of the public service from the Dacca to the Dacca Special Works Division.

The 7th June 1912.

No. 118.—The following Resolution issued by the Government of India in the Public Works Department is republished for information:—

Nos. 439—458-E., dated Simla, the 15th May 1912.

RESOLUTION—By the Government of India, Public Works Dept.

IN the Resolution of the Government of India in the Public Works Department Nos. 675—694-E., dated 24th April 1908, the Governor-General in Council announced that His Majesty's Secretary of State for India had sanctioned the introduction of a scheme for the re-organisation of the engineer establishment of the Public Works Department. The main features of the scheme were the substitution of time scales of pay for the graded system of promotion formerly in force, and the complete separation of the Imperial and Provincial Engineer establishments by placing them in two distinct cadres with different rates of promotion to executive rank. It was hoped that the advantages which were held out in the matter of pay would have induced the majority of the Provincial Engineers to accept the new conditions of service, but this hope has not been fulfilled. Numerous memorials from the officers themselves, and the result of enquiries made from local Governments and Administrations, shew that the members of the Provincial Engineer service attach much greater importance to being borne on a combined list with their Imperial confreres than was supposed to be the case, and that for this and other reasons it is desirable, so far as the Public Works Department is concerned, to abandon the attempt to carry out fully the recommendation of the Public Service Commission for a separate Provincial Service. It was also represented that the scale of pay fixed for the Provincial Engineers, although an improvement on the rates obtaining under the old graded system

of promotion, was inadequate. In view of these representations the Governor-General in Council has under consideration the possibility of devising a scheme which would satisfy the reasonable demands of the memorialists, and at the same time secure a high standard of efficiency by attracting to the service the best material available in the country.

2. The Governor-General in Council now desires to announce that His Majesty's Secretary of State for India has sanctioned the introduction, with effect from the 1st April 1911, of the following revised scheme, which provides for the abolition of the dual cadre, the equalization of the period for promotion to executive rank in the two services, and the increase of the pay of the Provincial officer to an amount which shall bear, as nearly as possible, the same proportion to the pay of the Imperial officer, as that which existed prior to the introduction of the new scales in 1908. The rates of pay now sanctioned for members of the Provincial Engineer service are as follows:—

		Maximum pay Rs.
Assistant Engineer	1st year of service... ...	250
" "	2nd " "	275
" "	3rd " "	300
" "	4th " "	325
" "	5th " "	350
" "	6th " "	375
" "	7th " "	400
" "	8th " "	425
" "	9th " "	450
" "	10th " "	475
Executive Engineer,	11th year of service... ...	535
" "	12th " "	570
" "	13th " "	605
" "	14th " "	640
" "	15th " "	675
" "	16th " "	710
" "	17th " "	745
" "	18th " "	780
" "	19th " "	815
" "	20th " "	850

NOTE.—A special increment of Rs. 50 may be granted by the local Government to a deserving Executive Engineer who, after completion of five years' service on the maximum pay of Rs. 850, is not promoted to administrative rank.

	Rs.
Superintending Engineer, 3rd class	1,200
" " 2nd "	1,400
" " 1st "	1,600
Chief Engineers	Imperial rates of pay.

The time scale of pay laid down in the Resolution of the 24th April 1908 for officers of the Imperial Service remains unaltered, but future entrants will attain executive rank in the 11th, instead of in the 9th year of service as at present. Thus, in both services promotion to executive rank will take place at the same period, and will be subject only to the condition that the officer concerned is considered by the local Government to be fully qualified for the charge of a division. But no officer in the executive class may draw more than the lowest pay of the class, viz., Rs. 800 a month in the case of the Imperial Service, or Rs. 535 a month in the case of the Provincial Service, except as a purely temporary arrangement, unless he holds a divisional charge, or a charge which in the opinion of the local Government is of equal importance. Further, an officer of the assistant class placed in charge of a division will draw, in addition to his substantive pay, the ordinary officiating allowance admissible under article 120, Civil Service Regulations, subject to a maximum of Rs. 800 in the case of the Imperial Service, and of Rs. 535 in the case of the Provincial Service. The alteration of the period of promotion will not however affect Imperial officers already in the service, who if qualified will be given the rank of Executive Engineer in the 9th year of service under existing rules. Similarly, any qualified Provincial officer now in the service will be given the rank of Executive Engineer in the same period irrespective of whether he is actually in charge of a

division or not. Officers who were in the service on the 8th March 1908 will ordinarily resume the position in regard to seniority which they formerly occupied on the combined list, and officers appointed since that date will ordinarily take their position on the combined list from date of appointment as Assistant Engineer. Should however an officer's promotion have been retarded, the position he is to occupy on the combined list will be a matter for settlement by the local Government concerned.

3. With a view to placing all officers of the Provincial Engineer service on an equal footing, it has been decided to allow those who did not elect to come under the re-organization scheme of 1908, or who elected from a later date than that of its inception, the option of electing to come under the scale of pay introduced by that scheme from the 8th March 1908 to the 31st March 1911.

4. Subject to the modifications indicated above, which apply to Royal Engineers on the civil scale of pay, *vide* Public Works Department Resolution Nos. 63—82-E., dated the 18th January 1911, the rules promulgated in the Resolution of the 24th April 1908 will continue in force.

ORDERED that this Resolution be forwarded to local Governments, Administrations and officers noted in the margin for information and guidance, and that it be published in the *Gazette of India* for general information.

8.	The Sanitary Commissioner, Bengal	*Member and Secretary.*

No. 441T.M.—The 6th June 1912.—The following draft of a rule which the Governor in Council proposes to make under clause (3) of section 137 of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), for fixing the charge to be made for a copy of, or extracts from, the municipal assessment-book furnished by the Chairman of the Calcutta Corporation to the Chairman of the Board of Trustees for the Improvement of Calcutta under section 46 of the said Act, is published for the information of persons likely to be affected thereby.

Calcutta.

2. The draft will be taken into consideration on or after the 22nd July 1912, and any objection or suggestion received by the undersigned before that date will be duly considered.

Draft rule.

The charge for a copy of, or extracts from, the municipal assessment-book supplied by the Chairman of the Corporation to the Chairman of the Board of Trustees for the Improvement of Calcutta under section 46 of the Calcutta Improvement Act, 1911, shall be at the rate of one rupee for each thousand words written or typed, any figure or group of figures constituting a number being counted as one word. Such copy or extracts shall be supplied on the printed form of the assessment-book in use unless, in the opinion of the Chairman of the Board of Trustees, this would be inconvenient:

Provided that the Chairman of the Board of Trustees in asking for extracts from the municipal assessment-book may limit his application both to the entries in certain specified columns of the book and to the entries relating to certain specified holdings.

NOTICE.

THE GOVERNMENT COMMERCIAL INSTITUTE.

SESSION 1912-13.

303, Bowbazar Street, Calcutta.

The Day Course.

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed:—

(1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
(2) Arithmetic, including Commercial and Mental Arithmetic.
(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
(4) One of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.
(5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects:—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

The holders of the above certificates are liked by the business people. Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination.

New session will open on the 2nd July 1912. Application for admission will now be received. Prospectus may be had from the Principal.
